DGN Smith states, "My desire is to work within our communities to foster greater awareness of what Rotary is all about. I believe we have the capability to help achieve the desires of our communities and for the good of all humanity. My wishes and hopes are to be a trailer-blazer; to be the first in opening doors for others."

He likes to be called Randy and is most active in his community of Rehoboth but is available to any other communities that would need his assistance!
